

Nekwan Sprauve Memorial Court and Scholarship Fund

Giff Hill School is erecting a basketball half court and garden on the GHS upper campus in memory of Nekwan Sprauve, a 9th grade student at GHS who passed away unexpectedly in early May. Nekwan, or “Neko” as he was affectionately called by his friends, played on the school’s basketball and flag football teams and was active in the Love City Pan Dragons for many years. Despite his

challenges with sickle cell anemia, he always gave his best effort and his motto was “make lemonade out of lemons”.

Giff Hill School is also establishing a scholarship fund in his name for students who exhibit excellence in athletics, the arts and music, or possess Nekwan’s positive outlook and strength of character.
